This form is to allow approval and/or administration of hourly payroll time records via UltraTime, the University of Notre Dame's electronic time-keeping system and/or paper time sheets.

We would like to get some idea of how active you plan to be in the system and what type of employees you will be approving so we can best manage your settings.

My UltraTime approving role will mostly be as a:

I will be approving time for **(check all that apply)**:

- _____ Students
- _____ Temps
- _____ Staff

There are two settings for back up approvers.

Full View back ups will have all of your employees in their UltraView and they will also receive ALL of the email notifications and reminders for these employees.

Proxy back ups will need to log on under the Proxy Supervisor Sign On to access your employees to approve their time. They will NOT receive any of the reminder emails until Payroll reaches out at the last minute for assistance.

I would like the following **person(s) to be my back up approver** if I'm out of the office or unavailable.
